Dear Trisha:

We have been a customer for many years and unlike many companies that become complacent with their regular customers, Custom Coffee has always made sure that we were happy with their service and their product. Recently we needed to consolidate the area where our coffee maker, grinder and supplies were located. Sean Brennan, your Services Support Supervisor came out personally and helped me configure the space, the coffee units, and the supplies. He made it so easy and shortened the timetable between our deliveries so we would always have the stock available for our needs. I worked with several other vendors before finding you, Custom Coffee ranks with the very best.

Very truly yours,

Firm Administrator
